Package

- ☐ . Package filter work了一半
 - validity 没保留
 - category 是不work的 (从选择第二个category开始都是no result)

Cart

- ☐ cart real-time cal的final total是不会变的 & total just need 2 小数位 (不确定是你还没push 还是什么)

- ☐ Tax 改成 8%
- ☐ currency细节 (全部换成RM, 包括stripe)
- ☐ 没有选择任何东西点check out的话 show alert for inform no items selected for checkout
- ☐ Order success后cart没减少 (just for reminder to uncomment)

Checkout

- ☐ Checkout 的total 放 data, 目前出了total amt其他的都没显示
- ☐ Order success 的total不对 (不排除还没push或者被merge掉的可能性)
- ☐ 用stripe order success 也要 send email notification
- ☐ success 后点continue shopping应该要redirect去package list
- ☐ Order success 后在order detail里是checkout 所有package的 (suppose是只有选择 checkout的items)
- ☐ 用meow wallet make payment, insufficient balance alert show之后应该redirect回去 checkout page

All

- ☐ 全部alert, confirm msg 换swal fire
- ☐ order流程的redirect也是怪怪, show 完error msg就卡住了
- ☐ Package list rating 换了table, rating目前无法得到

*Admin side pass to yx & jw

*Meow Wallet History yx 搬

*12点前package list没好pass给jw

着重在cart到order success所有redirect, msg, 细节
